Mankind's greatest achievements have come about by talking and its greatest failures by not talking. It doesn't have to be like this. - Stephen Hawking

This constant lying is not aimed at making the people believe a lie, but at ensuring that no one believes anything anymore. A people that can no longer distinguish between truth and lies cannot distinguish between right and wrong. And such a people, deprived of the power to think and judge, is, without knowing and willing it, completely subjected to the rule of lies. With such a people, you can do whatever you want. - Hannah Arendt

In a century where the media publish endless stupidities, the cultured man is defined not by what he knows but by what he ignores. - Nicolas Gomez Davila

You gotta respect everyone's beliefs. NO, YOU DON'T. That's what gets us in trouble. You have to acknowledge everyone's beliefs. And then you have to reserve the right to go "That's fucking stupid, are you kidding me?" - Patton Oswalt

Don't be afraid. You're going to make it, but it's always going to feel as if you're not. That's the fun, you see! - Alan Watts

The reason why the system teaches us to be horrified at violence is that violence of any kind is dangerous to the system. The system requires order above all; it needs people who are docile and obedient and don't make trouble. - Ted Kaczynski

Create a place for people to live like human beings, instead of slaves to some bullshit concept of Progress that is driving us all mad. - Hunter S. Thompson

Socrates said, "The misuse of language induces evil in the soul." He wasn't talking about grammar. To misuse language is to use it the way politicians and advertisers do, for profit, without taking responsibility for what the words mean. Language used as a means to get power or make money goes wrong; it lies. Language used as an end in itself, to sing a poem or tell a story, goes right, goes towards the truth. A writer is a person who cares what words mean, what they say, how they say it. Writers know words are their way towards truth and freedom, and so they use them with care, with thought, with fear, with delight. By using words well they strengthen their souls. Story-tellers and poets spend their lives learning that skill and art of using words well. And their words make the souls of their readers stronger, brighter, deeper. - Ursula K. Le Guin
